

DEPARTMENT OF PAEDIATRIC LABORATORY MEDICINE JOB OPPORTUNITY

Paediatric Neuropathologist/ Pathologist, Division of Pathology Permanent – Full Time Position

The Hospital for Sick Children (SickKids), a world-renowned paediatric academic health science centre and the University of Toronto's Department of Laboratory Medicine and Pathobiology, are seeking a continuing Paediatric Neuropathologist/ Paediatric Pathologist with neuropathology expertise to join the Division of Pathology, Department of Paediatric Laboratory Medicine at the rank of Assistant, Associate or full Professor. The anticipated start date will be August 1, 2015.

We are seeking a physician who will foster excellence in paediatric neuropathology/pathology practice, teaching and research at the hospital. The qualified applicant shall hold a relevant Fellowship from the Royal College of Physicians and Surgeons of Canada, or equivalent, and be eligible for medical licensure in the Province of Ontario. Duties include the delivery of expert paediatric neuropathology services in association with the other paediatric neuropathologist in the Division, as it is practiced in Canada, and participating in common departmental functions such as neuropathology on-call coverage. Coverage of some other subspecialty pathology services is desired but not a requirement. A fully accredited residency program is in place and teaching of residents, fellows and medical students is expected.

The successful candidate should be eligible for an academic appointment in the Department of Laboratory Medicine and Pathobiology at the University of Toronto. Academic rank will be based on qualifications and experience. Salary and benefits are in accordance with the uniform minimal level of compensation for pathologists in the Province of Ontario (currently \$357,635 per annum). We also offer competitive benefits which includes: Health and Dental (including Vision Care), Long & Short-Term Disability, Life Insurance, and participation in a Defined Contribution Pension Plan. Candidates who are relocating may be eligible for reimbursement of relocation expenses.

The Division of Pathology at SickKids has over 14 pathologists and scientists responsible for providing a comprehensive range of paediatric pathology services, teaching and research. In addition to its active surgical pathology and autopsy services, the Division has specialized facilities and access to state-of-the-art and avant garde technologies to conduct advanced diagnostics, including rare and complex conditions. The Division enjoys close and dynamic interactions with the other Divisions of the Department of Paediatric Laboratory Medicine (Clinical Biochemistry, Haematopathology, Microbiology and Molecular Genetics), numerous clinical programs and services, and the

SickKids Research Institute in advancing the Hospital's integrated mission of health care, teaching and research for the benefit of children and their families.

Interested individuals should submit a letter of application, a curriculum vitae, and the names and addresses of three referees to the Chair of the Search Committee:

Gino R. Somers, MBBS, BMedSc, PhD, FRCPA

Head, Division of Pathology

The Hospital for Sick Children

555 University Avenue

Toronto, ON

M5G 1X8

gino.somers@sickkids.ca

The Search Committee will begin to consider applications received by April 30, 2015 for shortlisting. The position will remain open until filled. Only short-listed applicants will be contacted.

Dedicated exclusively to children and their families, SickKids is one of the largest and most respected paediatric healthcare centres in the world. As innovators in child health, we lead and partner to improve the health of children through the integration of healthcare, leading-edge research and education. Our reputation would not have been built—nor could it be maintained—without the skills, knowledge and experience of extraordinary people who to come work here every day. SickKids is committed to ongoing learning and development, and features a caring and supportive work environment that combines exceptionally high standards of practice.

When you join SickKids, you become part of our community. We share a commitment and determination to fulfill our vision of *Healthier Children. A Better World*. For more information about the Department of Paediatric Laboratory Medicine, please visit our [home page](#).

Don't miss out on the opportunity to work alongside the world's best in paediatric healthcare.

For more information about the Faculty of Medicine, Department of Laboratory Medicine and Pathobiology, please visit our [home page](#).

SickKids and the University of Toronto are strongly committed to diversity within our community and especially welcome applications from visible minority group members, women, Aboriginal persons, persons with disabilities, members of sexual minority group and others who may contribute to further diversification of our organizations. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority. SickKids is also committed to providing services in both official languages and our preference is to hire employees who are fluent in both English and French whenever possible.
