

**UNIVERSITY OF MARYLAND SCHOOL OF MEDICINE**

**Department of Pathology  
Neuropathologist**

The University of Maryland School of Medicine, Department of Pathology invites applications for a Neuropathologist at the academic rank of Assistant Professor. Academic appointment and salary will be commensurate with experience and qualifications. Applicants must be board certified (or board eligible) in Anatomic Pathology and Neuropathology.

Clinical responsibilities in Neuropathology (shared with others) include intraoperative neurosurgical consultation and permanent section interpretation, muscle and nerve biopsy interpretation, autopsy brain examination and neuropathology consultation from a number of hospitals. Additional responsibilities may include the diagnosis of general surgical pathology specimens and participation in the autopsy rotation and outreach pathology activities.

The applicant will have demonstrated an academic active interest in basic or translational research, with a strong record of publication and an interest in teaching. Additional responsibilities include teaching of medical students, residents, fellows, graduate students and students in our Pathologists' Assistants Program.

The University of Maryland School of Medicine is the fifth oldest and first public medical school in the nation and is the founding school of the University of Maryland. The School of Medicine ranks in the top tier of medical schools nationally and has approximately \$425 million in research grant awards and contracts.

Applicants should forward their curriculum vitae, a brief statement of their scholarly and research interests and the names of three references to:
