

NEUROPATHOLOGY OPPORTUNITY

PLEASE POST

United Medical Associates, P.C. (UMA), a progressive hospital affiliated multispecialty group, located in the Binghamton, NY area is seeking a BE/BC Neuropathologist with good surgical pathology skills and an interest in Molecular Diagnostics.

The position is located at United Health Services Hospitals, a 500 bed teaching hospital, which is part of an integrated health care system. The laboratories are modern and progressive with state of the art instrumentation and information system.

Candidates will have a proficiency in interpretation of neuropathology cases as well as surgical pathology cases. The position includes rotation through the daily pathology routine including; evening/night and weekend call, rotation to one other hospital, surgical pathology, cytopathology and autopsies.

The Pathology Department is a team of seven pathologists including two board certified hematopathologists, two board certified cytopathologists, one transfusion medicine specialist, one neuropathologist, and one general pathologist. It is supported by two pathology assistants. Annually, the Department processes about 20,000 surgical specimens, 38,000 gynecological cytologies, 1,800 non-gynecological cytologies, 200 bone marrows, 200 autopsies and 8,000 flow cytometry billable tests. About 90% of the autopsies are performed by a retired neuropathologist who is not a part of the 7-pathologist group.

You will have the ability to choose from high quality and academically excellent public and parochial schools. Only a few minutes drive separates you from your child's school, extracurricular activities, the office and hospital. Home to Binghamton University, we are located three hours from NYC and Philadelphia, and only an hour drive to Syracuse University and Cornell University. Our community provides a chance for a wonderful lifestyle with recreational opportunities for all four seasons are abundant including skiing, skating and boating. For cultural activities, there is symphony, opera and a center for performing arts.

We offer an attractive compensation package with incentive opportunities. Family healthcare coverage, dental, vision, LTD, paid malpractice insurance, vacation and CME are included. The practice balances a unique ability to provide extraordinary care with life style.
